

The NBCOT Announces the Availability to Obtain Malpractice Insurance for the OTC® and OT-SC™

The NBCOT has secured a vendor for malpractice insurance for the OTC® and OT-SCTM. The decision to seek out a malpractice insurance carrier was prompted by the numerous requests that the NBCOT received throughout the year from the NBCOT certified population.

We are happy to announce that the NBCOT reached out to insurance broker Don Dyer owner of Trusted Choice and found him to be willing and eager to create a policy specifically for the NBCOT certificants. The policy is obtained through Trusted Choice® and is underwritten through Lloyds of London. The malpractice insurance policy will only be offered to NBCOT certified certificants.

It is important to note that the NBCOT does not have any direct involvement with Trusted Choice, Lloyds of London or anything related to any and all malpractice insurance policies, claims, etc.
